Stratford District Council is committed to achieving excellent in managing health and safety through consultation with our employees.

We believe health and safety is a responsibility shared by everyone and that all accidents can be prevented and all hazards can be controlled.

GOALS

Stratford District Council's health and safety goals are to:

- Achieve excellent and consistency in managing health and safety throughout all levels of the Council and in the workplace.
- Identify unsafe working conditions and practices and introduce procedures and standards designed to prevent harm to people or property.
- Instil an awareness that all hazards can be controlled and can be prevented.
- Set health and safety objectives for 'Operation Without Accident'.
